

# Volunteer Naturalist Guides NEEDED!

**Do you have a LOVE for the outdoors? Do you ENJOY teaching children? Then YOU are needed for the award-winning Wings & Water Wetlands Education Program!**

**Place:** Great Salt Lake Shorelands Preserve in Layton and Wetlands Discovery Point in Kaysville

**Time:** Tuesdays, Wednesdays, and Thursdays during the months of April, May, September, and October

**Training Dates:** Tuesday mornings starting February 27 going through March (5 total)

**Description of Naturalist Guide:** Conduct fieldtrips for 4th graders from around the Wasatch Front. Teach topics like water, plants, animals, and soil to help students gain appreciation for the Great Salt Lake wetlands.

## Benefits of becoming a Naturalist Guide:

- Make a positive influence in student and teacher awareness of this unique ecosystem
- Increase your understanding of wetland ecosystems
- Gain knowledge of best practices in science and environmental education
- Meet other Naturalist Guides
- Teach in a beautiful, outdoor location
- Have fun!
