Thanks a **MELON** for supporting our market

Curbside Service Available

Do you want fresh produce, but don't want to face the people? Curbside delivery is for you!

How it works:

1. Look for available produce on the website and social media sites
2. The day-of the market call (801) 513-3152 and place your order
3. Drive to the market and park in the designated curbside spot and call (801) 513-3152
4. A market worker will bring your order to your car and take your payment at that time
